

Take the

GOLDEN PLEDGE

DO NOT PRIVATIZE SOCIAL SECURITY

Sign the Pledge Not to Privatize Social Security

Social Security is a golden promise guaranteeing Americans that if we work hard and play by the rules, we will earn the right to retire with dignity. We must not gamble this promise away on risky privatization schemes that guarantee only massive benefits cuts and turn our life's work into a chip for Wall Street's elites to bet.

Therefore, I pledge to oppose privatization of Social Security -- the diversion of payroll taxes into private accounts -- by any name.
